2019 Student Environment Day Registration Form

These FREE curriculum-linked events have been created by environment organisations in North East Victoria to assist teachers and grade 5 students participate in and understand environmental sustainability.

Over 6000 students and 250 schools from North East Victoria have participated in SEED Student Environment Days.

Please secure your place by filling in and printing this form, then e-mailing or posting as indicated below. All registrations will be acknowledged via an e-mail. Registrations are accepted on a first-in basis.
